

VERTEBRAE™ WELL SYSTEMS MICRO

Vertebrae Micro™ for small sites!
Try our smallest version of Vertebrae
It will change everything!

\$11k*

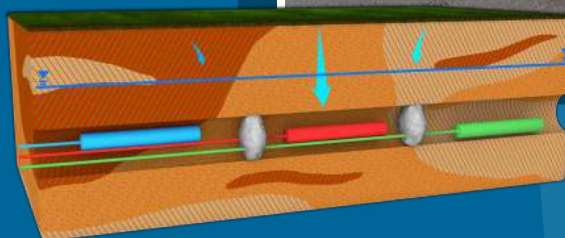

- Turnkey Installation
- Three sampling points
- Single entry (no exit)

Most folks think horizontal wells are just for remediation at large sites.

Vertebrae Micro is changing that: A inexpensive product to be used at all sites. Wherever there is a building, road or canopy in the way, Vertebrae can help.

Well systems are 70-100 ft in length and premanufactured to lower cost.

Cost includes; Well System, Drilling, Installation, Vault, and IDW disposal.

Don't be old school...

Designed to fill gaps
under buildings and
roadways!
